PRACTICAL INFO

Staff

Armed with an abundance of experience and a wealth of knowledge our professional Montagne Expedition team know the country inside out. Activities are lead by our qualified guides who are all English-speaking, all practicing outdoor practitioners and all incredibly passionate about Norway, the country they are based in for several months a year.

Food

This trip includes full board except for meals in Tromsø. We are proud of the fresh and frankly delicious food we provide despite latitudes of 68° North.

Each day begins with a hearty breakfast served at your accommodation with plenty of tea and coffee. Every morning, you and your guide will prepare a picnic lunch for the day featuring local foods: sandwiches, salads, fruits, cakes and dried fruits as well as thermoses for hot soup, coffee and tea. Evening meals are prepared together with your guide based on available local products. During your stay, you will have the opportunity to taste grilled or smoked salmon (laks), water-cooked and fresh shrimp (reker/ferske reker) and cod (torsk).

Drinks

Do not forget that alcohol and cigarettes are heavily taxed and expensive in Scandinavia. If you wish to enjoy an aperitif with your group in the evenings we recommend purchasing duty-free products at the airport.

Accommodation

This trip uses hotel and private apartment guesthouse type accommodation with double or twin rooms. This good quality, warm accommodation includes all the essential Norwegian comforts. Single rooms available subject to availability, please contact us.

Transportation

Tromsø airport is around 10-15 minutes from downtown Tromsø. Transfer possible by bus or taxi depending. Airport transfers included depending on your arrival times.

Budget & exchange

The currency is the Norwegian Krone (kr)

Visit <http://www.xe.com> for the latest currency converter and exchange rates.

You can withdraw the local currency from in-country ATMs and payment by card is widely accepted. Please budget for meals and transport as necessary, drinks, tips, museum entry fees and other personal expenses.

Tips

Clients usually pay for the guides' drinks : you might find it practical to make a group kitty at the beginning of your stay (no obligation).

Supplied equipment

If the weather requires, we will provide you with:

- Snowshoes
- Warm snow boots (Sorel)
- A quality winter jacket and overtrousers (to wear in addition to, not instead of, your warm clothes)

Vital equipment

- Quality hiking boots (with sturdy soles and ankle support)
- Slippers for evenings
- Thick socks for hiking
- A waterproof jacket (the best jackets against Northern weather are windproof, waterproof and breathable with sealed seams)
- A warm jacket (a synthetic down jacket is ideal) for lunch breaks and evening Northern Lights outings
- A warm jumper (fast drying fleece or warm when wet wool, ideal)
- Thermal long johns and long sleeved tops

- Waterproof trousers
- Pyjamas
- Gloves, a hat and buff or suitable scarf
- A bathing suit and travel towel for saunas

Material

We prefer that you do not wear cotton clothing, including underwear, when participating in activities. When cotton gets wet from water or sweat it ceases to insulate and it does not dry fast. The best materials for outdoor activities are fast drying materials like polyester or materials which are warm when wet like wool. The most powerful materials against the wind and rain are 'breathable' materials like Gore-Tex or Nikwax.

Our advice for keeping warm

Winter in Norway can be very cold, please think carefully about what clothes you bring, although we will provide warm outer layers, the layers you wear next to your skin make the biggest difference. We recommend:

1. No cotton
2. Bring dry spares of everything, even underwear and gloves
3. Wear multiple layers including:
 - A warm breathable base layer
 - A second thermal layer
 - Wind and waterproof protective out layer (we provide an additional quality jacket and over trousers).

Helpful equipment

You may also consider packing

- Evening outfits for Tromsø
- Extra gloves/overgloves
- An extra jumper/fleece jacket
- Wetwipes
- Blister plasters
- A suitable camera
- Plastic bags for wet/dirty clothing
- Tissues

Luggage

Please bring a **small rucksack** to use as a day bag. You can bring this as hand luggage on the airplane. You will carry your lunch, water, spare layers and any personal medication with you each day in this bag. You will also need a **larger bag** to store your other clothes and belongings in, please ensure that this is a soft bag like a rucksack or holdall rather than a hard cased suitcase because it is more practical to transport. We recommend packing all of your clothes in plastic bags so that they stay dry in the event of wet weather.

Medicine

Your guide is a trained first-aider and will carry a first aid kit at all times during your trip for use in emergencies. We recommend that you bring your own first aid kit containing :

- Personal medicine
- Pain reliever (preferably paracetamol)
- Double skin
- Elastoplast
- Local disinfectant
- Anti-inflammatory
- Antispasmodic
- Anti-diarrheal
- Anti-vomiting
- Intestinal antiseptic
- Eyewash
- Light sleeping pills

- Earplugs
- Broad spectrum antibiotic

It is your responsibility to confirm your specific visa requirements. You can check the following Norwegian government website for more information: www.udi.no/en/word-definitions/persons-who-do-not-need-a-visa-to-visit-norway-/#link-709

Mandatory vaccines

There are no specific health risks.

Weather

In winter, the weather in Northern Norway is subject to frequent changes. This part of Norway, the Arctic Zone, benefits from a surprisingly pleasant micro climate. At a latitude of 68° North and 300km North of the Arctic Circle, summer here is relatively mild with average temperatures of around 14°C (57°F). However, it is humid and does rain regularly. Good quality (breathable with sealed seams) rain clothing, jacket and trousers are paramount.

Keep in mind this Norwegian proverb when packing: 'There is no bad weather, only bad clothing'

Electricity

In Norway, the standard Europlug (Type C & F) with two round prongs is used and most of Scandinavia uses 220 volts.

Local time

Coordinated Universal Time (UTC)/ Greenwich Mean Time (GMT) +1. Daylight Savings Time (DST) is observed.

Sustainable tourism

As adventure and wilderness travel experts who run trips to some of the most remote parts of the world, we take responsible tourism very seriously.

We respect the 'Leave No Trace' outdoor ethical code and try to explore this beautiful location whilst causing minimal environmental damage.

The Leave No Trace policy can be summarized in 7 simple steps which we hope you will follow during our trip...

- Be prepared
- Stick to trails and camp overnight right
- Stash your trash and pick up waste
- Leave it as you find it
- Be careful with fire
- Respect wildlife
- Be considerate of other visitors

Over the years we have built up good relations with our local suppliers and we are keen to support local businesses as much as possible. We are a small company and we pay our local partners and suppliers directly insuring fair rates.

Our small group sizes not only provide a more intimate adventure but also cause less impact on the environment and local communities.

We expect all who travel with us to support and uphold our Sustainable Tourism philosophies.

If you have any questions regarding how to be a responsible traveller or concerning any other subject, please do not hesitate to contact us.
