

SKI TOURING IN THE HEART OF ARCTIC

Starting from Longyearbyen, capitale of Svalbard, a boat will drop us off in the national park of Bünsow in Spitzbergen for 5 ski touring days.

Our goal is to cross the massif, from the beach of Kapp Ekholm along the ice pack to the cabins of Brucebyen, at the feet of the majestic Nordenskjöld glacier.

The alternation between valleys, summits, ice caps and coastline assures an unforgettable adventure. Cradled by the permanent sunlight, we adapt our itinerary to the days and enjoy the best snow and the most beautiful slopes of the Great North.

Day 1 Flight Paris - Longyearbyen

Flight Paris - Longyearbyen and arrival in the middle of the night in Spitzbergen. We settle into the guesthouse for one night.

Accommodation : Guesthouse

Day 2 Preparation day and first adventure

Briefing morning on the skiing practice in a remote area. The Arctic cold, the bears, the avalanches... many aspects that we need to handle at 78° north latitude.

We start our first walk in direction of Nordenskjoldtoppen to test out our equipment and give a chance to our bodies to get used to the real conditions. Then, we'll prepare our pulkas and our belongings to be ready for the great start tomorrow.

After a nice diner, we'll have a good night sleep at the guesthouse. Tomorrow, the wild Arctic is waiting for us !

Accommodation : Guesthouse

Days 3 to 6 Travelling from the base camp

In the morning, we leave by boat to the Great White. We load our pulkas for a small step to get started and first camp settling. We alternate steps pulka-skiing in direction of the ice cap named Lomonosov (Russian scientist from the 18th century). The circuit is varied and the environment relatively gentle. The biggest pass has a 500m positive difference in altitude.

We end this itinerary of different summits at the start of the camp (difference in altitude between 500m and 1000m every day). We have the advantage to be at 78° North latitude, with days filled with permanent sunlight, we have the opportunity to choose the best time slots.

Positive difference in altitude : 800m | Accommodation : Camp

Day 7 Back to Longyearbyen

Accommodation : Guesthouse

We join the shore skiing. There, the boat taking us back to civilization is waiting for us. We find with joy the warmth of the inside of the boat and take advantage of the return journey to try and sight one last time the typical wild fauna of Svalbard.

Once back at the guesthouse, a nice and warm shower is just what we need ! We enjoy this evening and remember the highlights of our adventure.

📍 Day 8 **Spare day in Longyearbyen**

Today we have the opportunity to have our last ski run from Longyearbyen, depending on our physical conditions ! Otherwise, it will be a relaxing day and the occasion to visit Longyearbyen and its polar museum. Departure for France in the night.

📍 Day 9 **Return flight to Paris**

We arrive in Paris in the middle of the day. We say goodbye, our heads full of memories !

PRACTICAL INFO

Staff

You will be welcomed at the airport by a representative from our friendly team and accompanied for the duration of your holiday. Armed with an abundance of experience and a wealth of knowledge our professional Montagne Expedition team are experts in polar environments. All activities are lead by our qualified guides who are all English speaking outdoor practitioners with a passion for everything arctic. Please note that this adventure takes place in an isolated, polar environment where around 2500 Polar Bears live - your guide will explain safety rules which must be followed.

Food

Besides one evening meal in Longyearbyen this trip includes full board. For your evening meal on the final day there are shops and kitchen facilities available or local restaurants for you to sample - we have lots of recommendations!

During our expedition, each person is responsible for their own equipment, including food, and will carry everything on pulks therefore light and easy to cook meals are favored. In spite of this, plus the lack of fresh fruits and vegetables in the arctic regions, we are proud of the varied, and frankly delicious food we provide even when camping. You will have the opportunity to try local products and several local delicacies. Each day will start with a hearty breakfast accompanied by plenty of tea and coffee or hot chocolate. You will carry a picnic lunch and plenty of snacks for the day and evening meals will include three courses, soup, a hot main dish and a dessert.

Please let us know about any dietary requirements when you book the trip and we will work with you to cater for your needs. Please be aware that this is a participatory trip, your help cooking and setting up camp is expected. We want you to be a member of our team; not a sheep!

Accommodation

Longyearbyen: warm guesthouse accommodation, double rooms or dormitories of 2,3 or 4 beds, hot showers and heating plus shared kitchen and bathroom facilities. This trip does not include accommodation on the final evening because flights normally require departure at midnight this night.

Camping adventure: normally we provide a 3 man dome tent per 2 people, for our expeditions we use light equipment which is suitable appropriate for Svalbards winter conditions. We will also provide a spacious mess tent for meal times, fully equipped with kitchen equipment including a table and stools. Please be aware that we expect all clients participate when setting up and packing down our camps.

- Waterproof trousers/salopettes
- At least two pairs of good gloves
- Sunglasses (UV 400)

Material

We prefer that you do not wear cotton clothing, including underwear, when participating in activities. When cotton gets wet from water or sweat it ceases to insulate and it does not dry fast. The best materials for outdoor activities are fast drying materials like polyester or materials which are warm when wet like wool.

The most powerful materials against the wind and rain are 'breathable' materials like Gore-Tex or Nikwax.

Our advice for keeping warm

It can be humid and cold in Spitsbergen, please think carefully about what clothes you pack especially for our winter trips. We will provide warm outer layers but the layers you wear next to your skin can make the biggest difference. We recommend:

1. No cotton
2. Bring dry spares of everything, including underwear and gloves
3. Wear multiple layers including:
 - A warm breathable base layer
 - A second thermal layer
 - Wind and waterproof protective out layers

Helpful equipment

You may also consider packing

- Your camera (with suitable protective case)
- Binoculars
- A comfortable evening outfit for Longyearbyen
- A small inflatable pillow
- Insect repellent
- A knife
- A notepad and pencil
- Plastic bags for wet/dirty clothing

Luggage

You may bring a hold bag (up to 20kg) as well as a cabin bag.

For your hold luggage please bring a soft bag like a rucksack rather than a hard cased suitcase because it is more practical when loading local buses and trailers. We also recommend that you pack your clothes in plastic bags inside your rucksack so that they stay dry in the event of bad weather.

Don't forget to bring a small rucksack to use as a day bag. You can bring this as hand luggage on the plane. You will carry your lunch, water, spare layers and any personal medication with you each day in this bag.

Medicine

Your guide is a trained first-aider and will carry a full first aid kit at all times during the trip. We recommend that you bring a small personal first aid kit containing :

- Personal medicine
- Pain reliever (preferably paracetamol)
- Double skin
- Elastoplast
- Local disinfectant
- Anti-inflammatory
- Antispasmodic
- Anti-diarrheal
- Anti-vomiting
- Intestinal antiseptic
- Eyewash
- Light sleeping pills
- Earplugs
- Broad spectrum antibiotic
- Vitamins C

Sustainable tourism

As adventure and wilderness travel experts who run trips to some of the most remote parts of the world, we take responsible tourism very seriously. We respect the 'Leave No Trace' outdoor ethical code and try to explore this beautiful location whilst causing minimal environmental damage.

In the Polar Regions the ecological balance is delicate so we ask that you are particularly careful regarding the conservation of the sites we explore. We aim to leave our camping spots even cleaner than when we arrived and, as a company, we participate in the Clean Up Svalbard programme. We support the laws, advice and recommendations which aid the conservation and protection of this unique arctic paradise. This is reflected in our trips, for example, we do not visit Ornithological Reserves during nesting season and never remove historical remains or whales bones from the beaches. We hope that all of our clients will respect our philosophies and embrace these attitudes.

The Leave No Trace policy can be summarized in 7 simple steps which we hope you will follow during our trip...

1. Be prepared
2. Stick to trails and camp overnight right
3. Stash your trash and pick up waste
4. Leave it as you find it
5. Be careful with fire
6. Respect wildlife

7. Be considerate of other visitors

Over the years we have built up good relations with our local suppliers and we are keen to support local businesses as much as possible. We are a small company and we pay our local partners and suppliers directly insuring fair rates.

Our small group sizes not only provide a more intimate adventure but also cause less impact on the environment and local communities.

We expect all who travel with us to support and uphold our Sustainable Tourism philosophies.
